

Input your title (Only the first word capitalized. Use Times New Roman font 15 pt)

Ilja Gerhardt¹, Arne Wickenbrock²

¹ My Affiliation Address, My country

² His Affiliation Address, His country

This is the template for the abstract of your presentation for the Workshop on optically pumped magnetometers 2019 (WOPM 2019) [1]. Do not modify the format of the document (Times New Roman font, 11 pt, line spacing 110%, margins top 3 cm, left 2.54 cm, right 2.54 cm, bottom 2.54 cm, gutter 0 cm, justify text) [2]. We recommend to make your abstract in a single paragraph. After editing the abstract, you can convert it to a pdf format (`pdflatex`) using a page setup of A4, not US letter, and submit it through the submission link in the conference webpage. You may have a figure as shown below with a caption. Please insert a line before and after the figure. Thanks for your contribution.

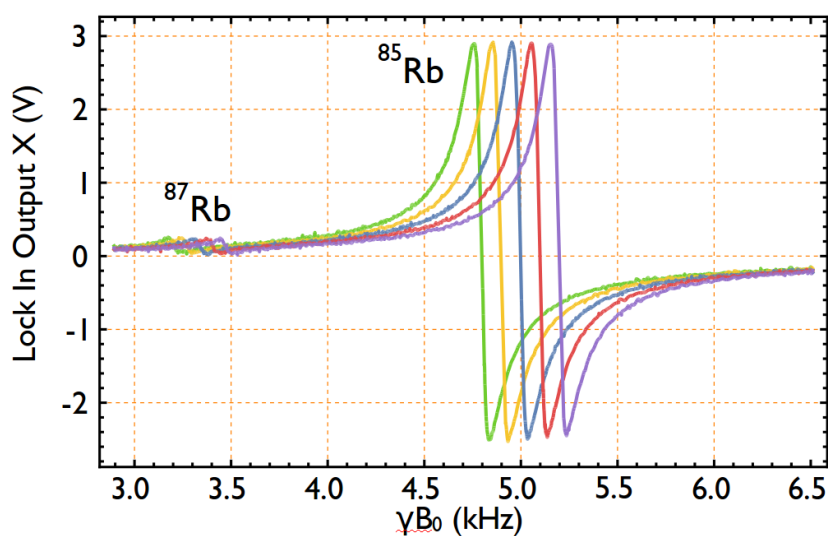

Figure 1. The figure caption begins with “Figure 1.” in bold face. The font is also Times New Roman 11 pt with a line spacing of 110%.
